

A cross-sectional view of the aluminum stripes. It shows two vertical rectangular stripes separated by a gap. The stripes are labeled "Aluminum Stripes". The gap between them is dimensioned as $\frac{5}{16}$ inches, which is equivalent to 8mm.

Technical drawing of a column showing dimensions and assembly details:

- Top detail: A small section at the top of the column, labeled "cut" in red.
- Assembly instruction: "ss then -casing" (likely "Install then casing").
- Column dimensions:
 - Width: $1\frac{3}{4}"$ [44mm]
 - Height: $1\frac{1}{2}"$ [13mm]
- Base: The column sits on a "Finished Floor" indicated by a hatched line.

Model: Moderna - Infinity
Configuration: D Bi-fold 81"
